Software Architecture

Lecture 11 Mockups/Wireframes

Design your own mobile: Tower of Hanoi Game

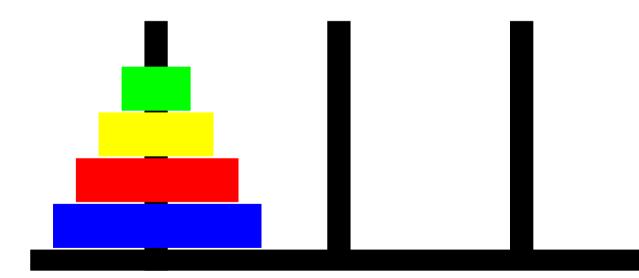

Image taken form Wikipedia.

Towers of Hanoi

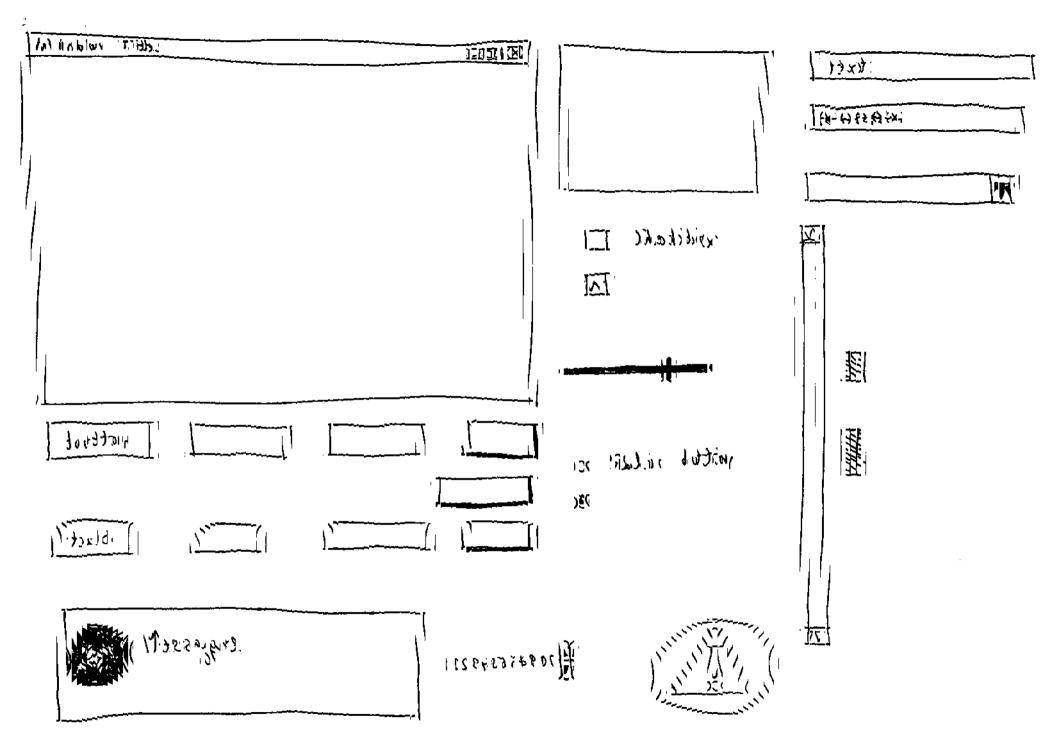

Adapt scenario to one long "play", so you could present game.

Don't forget, startscreen, playscren, help screen, illegal move dialogs, winning notification, timer,

And use GUI drawings

- For augmenting the scenario
- Practice playing through it

Balsamiq

GroupRegister Example
